English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Information about participation and performance on the PSAT, SAT, and ACT exams comes directly from College Board and ACT.

PSAT, SAT, & ACT - Participation

This table shows information about participation on the PSAT, SAT, and ACT exams. PSAT participation is the percentage of 10th and 11th graders that took the PSAT 10 or PSAT NMSQT exam in 2017-18. SAT and ACT participation rates show the percentage of 12th graders that have taken the SAT or ACT this year or in prior years.

Participation Type	School Participation Rate	State Participation Rate
10th and 11th graders taking PSAT 10/NMSQT in 2017-18	60.7%	85.0%
12th graders taking SAT in 2017-18 or prior years	85.7%	72.2%
12th graders taking ACT in 2017-18 or prior years	57.8%	24.6%

PSAT, SAT, & ACT - Performance

This table shows how students performed on the PSAT, SAT, and ACT tests by subject area. The table includes average test scores, college readiness benchmarks, and the percentage of students that scored at or above these benchmarks. Benchmarks were defined by College Board and ACT and students that score at or above these benchmarks have a high chance of success in credit-bearing college courses.

Participation Type	School Average Score	State Average Score	College Readiness Benchmarks	School - Students Scores at or above Benchmark	State - Students Scores at or above Benchmark

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. These include participating in advanced course work such as **Advanced Placement (AP)** or **International Baccalaureate (IB)** courses and exams and **dual enrollment** courses where high school students can enroll in college courses for credit.

AP/IB Coursework – Participation and Performance

This chart shows the percentage of 11th and 12th graders who enrolled in one or more AP or IB courses, who took one or more AP or IB exams, and who had one or more exams with an AP score of 3 or higher or IB score of 4 or higher.

Dual Enrollment Coursework - Participation

This graph shows the percentage students enrolled in at least one dual enrollment course during the school year. Dual enrollment courses allow high school students to enroll in college courses for credit prior to their high school graduation.

AP/ IB Courses Offered

This table shows the list of AP/IB Courses that were offered by the school or for which students took the corresponding AP/IB exam along with the number of students enrolled and the number of students taking the exam. Students do not need to take a course to take the exam and not all students enrolled in a course take the exam. The last two rows show the total number of exams taken and the number of exams with AP scores of 3 or higher or IB scores of 4 or higher. Students who take multiple examples are counted more than once in the last two rows.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	8:00 AM
Typical End Time	2:50 PM
Length of School Day	6 Hrs 50 Mins
Full Time - Instructional Time	5 Hrs 34 Mins
Shared Time - Instructional Time	3 Hrs. 8 Mins.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Support will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

Courses, Curriculum, Instruction:

Utilizing a mix of project-based learning, digital tools, and flexible learning spaces, students follow a curriculum that prepares them for higher education and real-world tasks. The curriculum adheres to NJ Learning Standards while independent and critical thinking tasks, and communication skills are emphasized. College preparatory, honors, AP, dual enrollment, online courses, and a robust internship program challenge students to meet high district expectations.

Sports and Athletics:

Sports Offered: Baseball (Boys), Basketball (Boys & Girls), Bowling (Boys & Girls), Cheerleading (Coed), Cross Country (Boys & Girls), Football (Boys), Golf (Boys & Girls), Gymnastics (Girls), Ice Hockey (Coed), Lacrosse (Boys & Girls), Soccer (Boys & Girls), Softball (Girls), Swimming (Boys & Girls), Tennis (Boys & Girls), Track and Field - Spring (Boys & Girls), Track and Field - Winter (Boys & Girls), Volleyball (Girls), Wrestling (Boys)

The district recognizes the importance of offering a full complement of interscholastic athletic activities for students throughout their high school experience. Due to its regional nature, the district is able to offer swimming, gymnastics, ice hockey and dance teams as district-wide teams. Many of our teams have enjoyed success as county and state champions while individual athletes and coaches have garnered multiple honors. Highlights from 2017-2018: Boys Bowling - League Champions; NFHS New Jersey Boys Bowling Coach of the Year (Judy Lucia); Boys Soccer - League Champions; Cheerleading - League Champions; Girls Swimming - League Champions; Girls Basketball - League Champions; Wrestling - Bergen County Group B Champions and State Sectional Champions; Baseball - League Champions.

Clubs and Activities:

Pascack believes that extra-curricular activities add real value and unique experiences for our students. The district offers dozens of clubs in each school ranging from the ski club, debate team, Teens Against Cancer, human rights league, language clubs, student publications, and our highly-acclaimed robotics team. With the plethora of service, school, and academic clubs, there is no shortage of opportunities for interested students.

Staff and Professional Learning:

Research shows that creating meaningful change requires sustainability and time. Utilizing these two principles, the district focuses on professional development with the goal of increasing student understanding and engagement. Every year staff avail themselves of multiple full-day professional development days, opportunities to attend workshops, attend conferences, visit other schools, and take part in collaborative cohorts with their colleagues to accomplish this goal.

Postsecondary Information:

92% of our student body go on to attend four year colleges that include some of the most prestigious universities in the country as well as honors programs at state schools in New Jersey and beyond.  <p>Student Supports and Services:</p>	<p>Students with special needs from both in and out of the district are able to have individualized instruction, accommodations, and modifications in a least restrictive environment via placement in collaborative classes or one of our highly successful self-contained programs that include Park @PVR, Learning & Language Disabled (LLD), RISE, Park Academy, and the Milestones 18-21 Program.</p>
 <p>Student Health and Wellness:</p>	<p>Through a variety of passive and active measures, students and faculty can learn and work in an environment that is both safe and secure. We are one of a few school districts in the State of New Jersey that certifies all students, faculty, and staff in CPR. In 2016, the district opened a Wellness Center in each high school that is staffed by a therapist/psychologist and a student assistance counselor. This program provides multiple levels of support for students and their mental health and well-being. Programs occur during the year for all students on mental health and healthy living. Programs occur during the year for all students on mental health and healthy living.</p>
 <p>Parent and Community Involvement:</p>	<p>The local community is extremely supportive of its regional high school program. Local businesses and corporations partner with the schools to provide seniors with meaningful, year-long internships to prepare our students for their future careers. The school-based parent organizations work closely with the building administration on a variety of topics. The parent groups conduct multiple fundraisers to support senior scholarships, teacher grants, and a senior graduation celebration.</p>

Climate Surveys:

Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents, Administrators, Teachers

Each year parents, faculty, and students are given the opportunity to provide feedback via a school climate survey. This comprehensive survey boasts a high return rate and asks respondents to provide their view on the school schedule, assessments, instruction, technology, and communication. The results are communicated with the public and are used to continually modify and adjust instructional programs.

Facilities:

Pascack Valley HS was built in the 1950's and continues to experience expansion projects, remodeling, and constant updating so our students receive an education that will prepare them for the world of college and career. A robust wireless network allows students to be connected to their learning throughout the building and property throughout the day and the school is proud of its modern STEM labs, auditorium, indoor and outdoor athletic facilities, TV production studio, and media center.

School Safety:

The district provides a safe and secure environment where students and faculty can work and learn. Passive and active safety and security initiatives have been put in place over the past several years to ensure this. Each school has three SLEO-III officers on duty that provide security and mobile patrols. Additionally, a robust camera, monitoring, electronic access system, and reinforced physical plant add further layers of surveillance and protection. The district works very closely with local law enforcement and EMS to support our programs. PVRHSD was the first district in the state to have all its students, faculty, and staff certified in CPR and there are multiple defibrillators in every building. Further, many staff and students have become certified in Bleeding Control.

Technology and STEM:

Various levels of computer science are offered for students to learn ways to code and apply their coding. Focus on the need to understand data has led to the expansion and enhancement of statistics, including interdisciplinary connections with science and social studies. Many students enroll in math or science electives in multi-year research courses, college-level or dual-enrollment courses including an Engineering course offered in partnership with the University of Texas. Technology Education students have access to cutting edge technology in the design and creation process, including 3D printing, laser engravers, and CAD software. Our award-winning Robotics team provides students with the opportunity to create and compete against other programs in the state, region, and country. Our arts programs utilize technology to create as well, whether it is digital photography, TV and Video production, web design, or music technology.

Other Information:

Culture of Innovation: Students learn in personalized environments, mentored by faculty experts who engage them in a variety of instructional activities and assessments that foster critical thinking, creativity, and innovation to prepare them for the next stage in their lives. Digital Transformation: Our instructional technology is continually evolving to meet the needs of college and career-bound students. Every faculty member and student is issued a Macbook Air laptop with access to the latest versions of educational, business, and creation software. The district utilizes the Canvas Learning Management System for instruction, Genesis for record keeping, and a variety of online tools for specific educational purposes. More importantly, all these digital tools are used for teaching and learning to emulate experiences students will have in college and careers. Flexible Learning Structures: Beginning in the 2014-2015 school year, the "Pascack Schedule" provides students with variety and choice in terms of length of instructional periods, time of day of instruction, and a weekly "Pascack Period" that is used for administrative purposes, assemblies, and student choice for how they use their time. Schools, classrooms, and hallways have a variety of furniture and structures to promote both collaboration and independent study. Career Readiness: Through strategic placements in the Pascack Valley community and beyond, internship students are able to gain hands-on experience and exposure to a variety of career fields and occupations as part of their school day. Career preparatory experiences are embedded in the curriculum in both core and elective classes.
